Welcome to the Svendsen Sport picture archive

To download images from our server, Teamwork-Net, please proceed the following instructions:

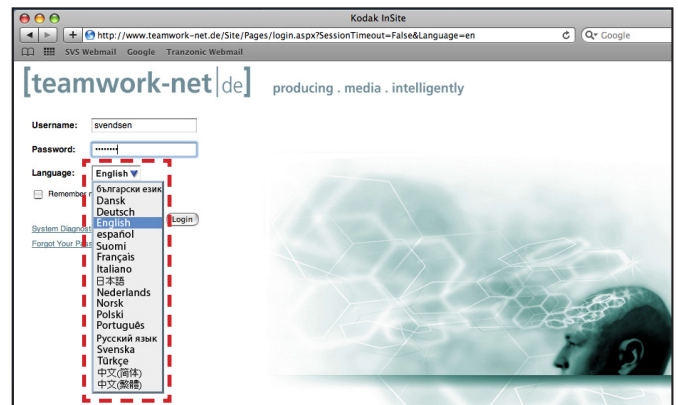

1.1 Login

Go to the website www.teamwork-net.de, and fill out the “Username” and “Password”. You will find your username and password in the Svendsen Sport Trade Catalogue. Or you can request it on email: info@svendsen-sport.com

1.1.2 Choose Language

Click on the “Language Button” and choose the language you want. Finally press the “Login” button.

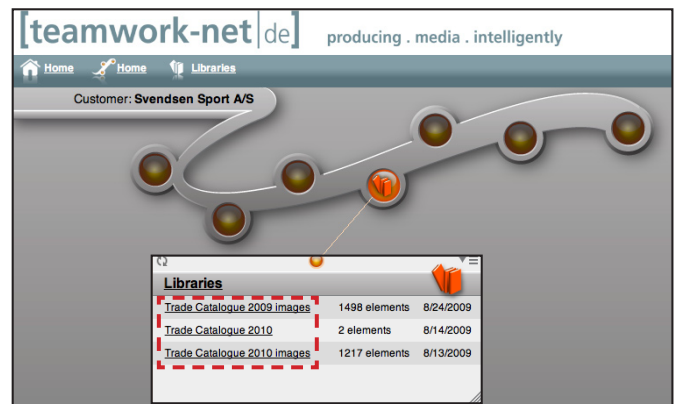

1.2 Overview

Click on “View Projects & Libraries” to get to the product picture archive.

1.3 Libraries

Here you find the libraries. Click on the library you want to download from.

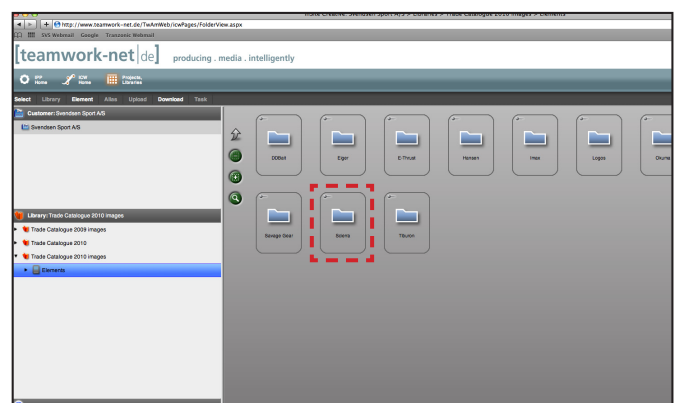

1.4 Navigation

Double click on the “Elements” button to enter the folder archive.

1.4.1 Navigation

Now you see all the different folders. Double click on the folder you want to download from. Pictures from the chosen brand should now appear.

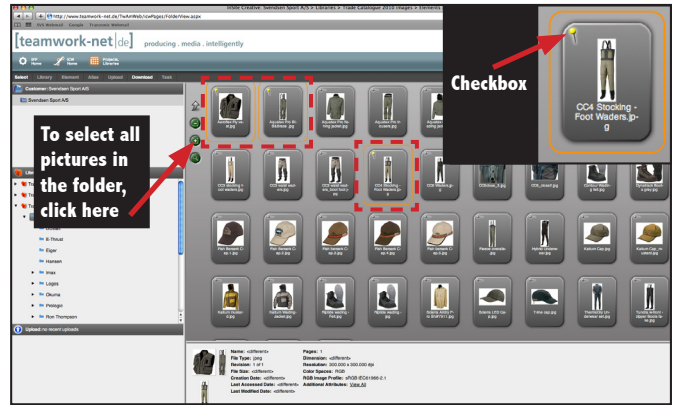

1.4.2 View Images

If you want to view an images before downloading, just double click on the image you want to view. An image viewer called "Smart Review" will now be installed on your computer.

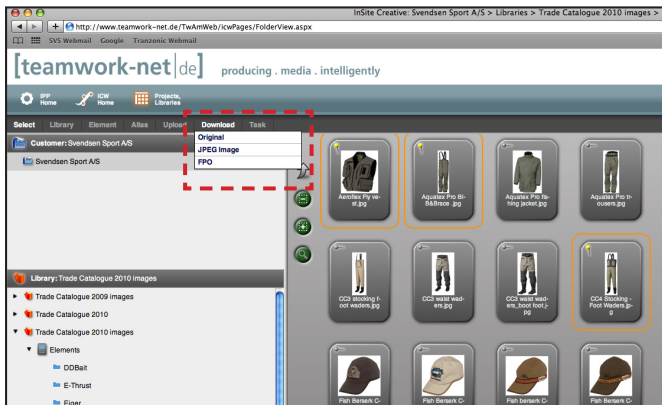

1.5 Choose Images

To download a picture, click only one time on the picture. A yellow line around the picture will now appear. To download two or several pictures, activate the checkbox in the upper left corner of the pictures you want to download. When it turns yellow, it's activated.

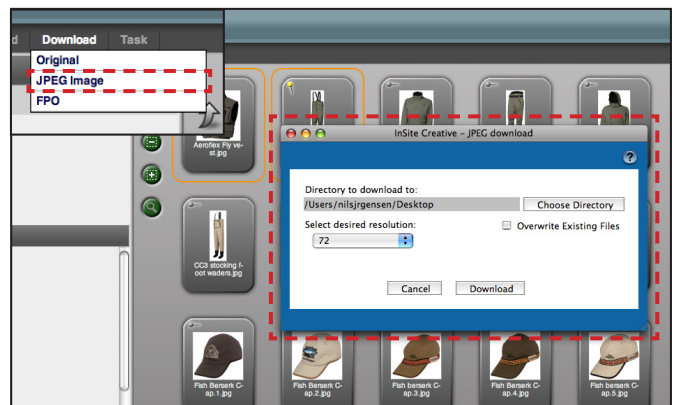

1.5.1 Download

Once you have selected the images you want to download, hold your mouse on the download button. Do now click on the button, just hold your mouse on it. Now a small white window will appear.

1.5.2 Download

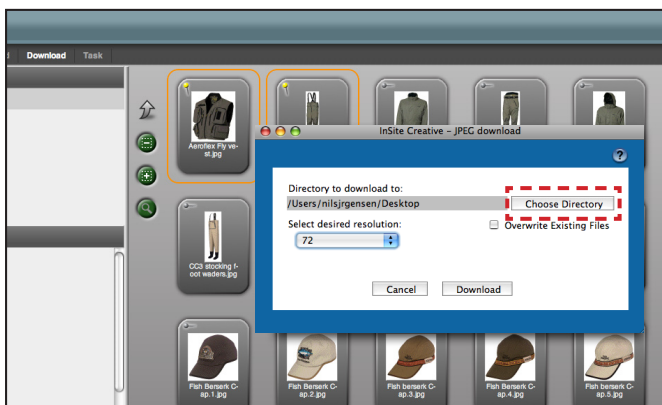

Click on the "JPEG Image" button. A new download window will now appear. To download PDF files only - choose "Original".

1.5.3 Download

Here you can choose directory (where on your computer you want to save the pictures).

You can also choose to download the file in low resolution, medium resolution or high resolution.

1.5.4 Download

- 72 dpi: Low resolution (for website use)
- 150 dpi: Medium resolution (for inhouse printing use)
- 300 dpi: High resolution (for press / ad printing use)

When you have selected "directory" and "resolution", click on the "Download" button. Now the selected images will be downloaded to your computer.
